

343CP

Valvola ad H termostattizzabile a squadra
Angle H valve thermostatic.

344CP

Valvola ad H termostattizzabile diritta.
Straight H valve thermostatic.

CARATTERISTICHE - FEATURES

- Corpo calotta e codolo ottone CW617N.
- Componenti interni ottone CW614N
- Volantino in ABS.
- guarnizione tenuta O-ring: EPDM
- finitura superficiale nichelata
- filettature ISO 228/1
- PN 10: TEMP. : -20°C ÷ 100°C
- *brass CW617N body, tail and nut.*
- *Brass CW614N internal components.*
- ABS cap
- Sealing gasket O-ring: EPDM
- *Nichel plated finishing*
- *threading to ISO 228/1.*
- *PN 10: TEMP. : -20°C ÷ 100°C*
